Survival clinics are exciting, educational, and loads of fun! Cayuga's Wilderness Program offers separate clinics for boys and girls throughout the entire summer. Campers who are entering 5th grade or higher are eligible to participate. This optional clinic is not included in the camp tuition. The extra program fee is \$52. Cayuga provides all the equipment for the adventure. Campers are required to wear long pants and closed-toe footwear.

This clinic is 100% hands-on. Everything you learn, you will do! Emphasis is placed on the basic elements of survival - shelter, water, fire, food. Core survival skills are taught, including how to: build a safe shelter using only natural materials; locate water in the wilderness and learn how to purify water without any modern tools or materials; start a fire without using matches; identify wild-edible plants to feed yourself in the wilderness; read a compass & topographical map; tell the time of day without using a watch or clock; and treat minor cuts & bruises using basic first-aid techniques.

**IMPORTANT:** This clinic takes place during the day & evening activity programs, and is assigned by our program staff. Your child is required to attend when scheduled. If your camper does not attend, the clinic will NOT be rescheduled and NO refund will be given. Please emphasize the importance of attendance to your child. Two exceptions: 1) This activity will be rescheduled if the camper is medically excused or the activity is cancelled (inclement weather); 2) A refund will be provided if the camper was never scheduled to attend.

**TO REGISTER:** Login to your account, go to 'Forms & Documents' on your dashboard, click 'Additional Options', then click 'Optional Programs' and select 'Survival Clinic'. This online feature will be turned-off within one week of your camper's arrival. At that time, you will need to complete this paper registration form. To return this form, please upload from your dashboard.
